

Thank you for booking your child's birthday party!

We look forward to celebrating with you and your child at The Paint Party Studio!

Some helpful information....We don't start the class until everyone has arrived as it makes it easier to do step by step. Your guests will get a step by step instruction of the chosen painting however the children interpret differently so they will all come out different!

We will be painting for an hour or so and the last half hour is for you to have cake pizza etc. If you just bring in cake/cupcakes we will paint a little longer giving you about 20 minutes for singing happy birthday. While you are having cake or cupcakes we will be drying the paintings and get them ready for a final group shot. . We also have generic white paper plates and utensils your convenience. As well as pizza cutter, knives and lighter. Feel free to bring in any themed paper ware or decorations. We do not have candles! We also request NO POPCORN in the studio, thanks....

If you are ordering Pizza, we recommend:

*Jacks 782 4266 at 55 Main Street You can call them and they will deliver we recommend delivery about one hour after the start time of your party * note they are closed on Sunday in which case we recommend Delizia who deliver on Sat or Sun and their number is 908 237-4502*

When you schedule your party please give us an idea of how large your guest list is so we can staff accordingly. We can fit about 30 in the studio.

Please give us a final head count and your painting choice at least two days before, (and if you think you may have some who didn't rsvp we would rather over set up then under set up- of course no charge if they don't attend).

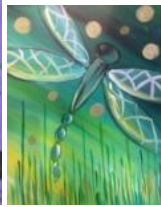

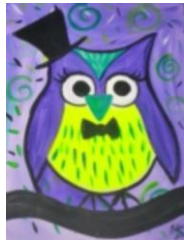

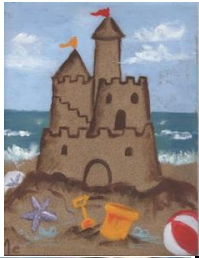

Our teacher will engage your children entirely in the class In order for them to keep the kids focused please have adults guests who stay in the front of our studio where they can socialize, not near the teacher and class!

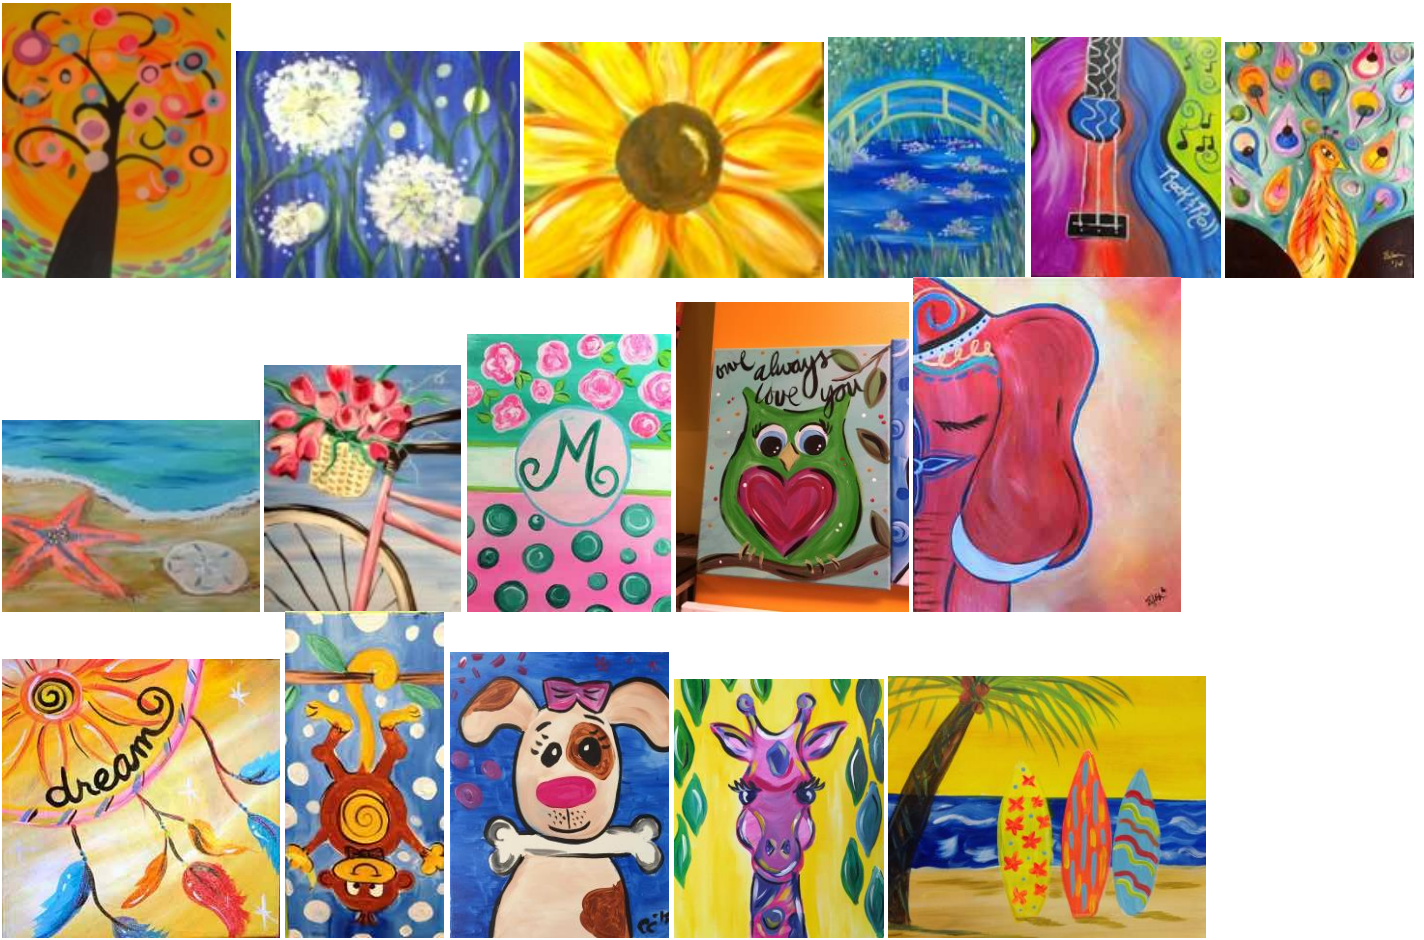

Finally, we ask that your party ends promptly as scheduled so that we may set up for the next party, if you think you want extra time in the studio, just let us when booking it is \$25per half hour extra provided we can accommodate. Any questions please feel free to call me 908 797 3265

Below are some studio favorites but you are always welcome to stop or visit our facebook page to see the most recent classes thanks!
